

OUR CIRCLE FOR ENTREPRENEURS OVERSEAS

Connection Communication Contribution

Every entrepreneur needs a **powerful, diverse network**, based on **authentic relationships** and **exchange of real value**, one that is **always present**, wherever you live, travel or do business.

To create authentic relationships and exchange real value, we place **selected, value-centred** entrepreneurs centre stage, bringing their agenda, challenges and projects to the forum.

Imagine a networking event where you know each encounter provides **tangible value** that can *change your business, results or life*.

That's exactly what we do every 2 weeks.

This circle is centred around *you*.

Solopreneurship just got upgraded.
